The application has been amended as follows:

In the specification:

On Page 1 at line 7, please insert --Patent No. 6,280,590-- after the date, "April 13, 2000".

Response to Arguments

2. Applicant's arguments, see the Remarks filed on 27 June 2005, with respect to the previous rejection of claims 17-19 have been fully considered and are persuasive. The rejection of claims 17-19 has been withdrawn.

Allowable Subject Matter

3. Claims 1-20 are allowed.

4. The following is a statement of reasons for the indication of allowable subject matter:

The addition of the limitation that "the first reaction area and the second reaction area are partially separated by a partition that is impermeable to a fluid" renders the

claims allowable, since such a device is neither taught nor fairly suggested by the prior art of record.
